

FROM VISION TO DECISION

# MedViz Workshop: MRI perfusion analysis using PMI

Grand Terminus Hotel in Bergen, Monday June 16 2014

## Program

- 12:00-13:00** Lunch
- 13:00-14:00** Dr. Bradley Erickson, from the Mayo Clinic in USA  
“Workflow Engines and Content Management for Imaging Research”
- 14:00-15:00** Dr. Steven Sourbron from the University of Leeds in UK  
“An overview of functional MRI methods in the kidney “
- 15:00-15:30** Coffee break
- 15:30-17:00** Practical tasks using the demo version of the software:  
“Platform for Research in Medical Imaging” (PMI)

A demo version of the PMI software is available for Windows platform through this website:

<https://github.com/plaresmedima/PMI-0.4-Runtime-Demo>

For Mac uses, similar algorithms are available through an OsiriX plugin named UMMPerfusion, available through this website:

<http://ikrsrv1.medma.uni-heidelberg.de/redmine/projects/ummperfusion>

Free participation for PhD students and Postdocs.

All others: NOK 500,-

Registration at <http://www.medviz.uib.no/>
